

Fund the day the *West End remembers.*

September 19, 2026, at Yancey Adams Park. A town that already turned one elder's memory into a renovated park, gathering to do it again, out loud.

Cypher × Remembrance is the data sovereignty studio for the communities building futures their elders can recognize. Your support feeds the room, honors the elders, and keeps the record.

THE PROOF

\$350K

Where one elder remembered Yancey Adams Park out loud. His testimony, documented, brought \$350,000 in municipal and state funding to the park.

WHAT YOUR SUPPORT DOES

Fund the next chapter

We've recored and produced a select few of the hours of stories left untold and waiting. Fund an elders story, save a community.

Honors the elders

Dedicated seating, the honoring ceremony, the mic held with care.

Keeps the record

Live podcast recordings capture stories that deserve to outlive us all.

Puts youth to work

Young Moorestown storytellers, funded and mentored, document their own place.

WAYS TO GIVE

Sponsor a plate, a tent, or the recording booth. Underwrite the day. Or give any amount to honor an elder. Sponsors are named as partners on the day and in the thank-you, as relationships, not logos.

THE NEXT STEP

Email hello@remembranceus.org for the sponsor kit and the gift levels, or give now at remembranceus.org/westend-rememberers. A thirty minute call and your name is on the day.

Own your story. Fund your future.
